

Roibu Carolina

Profile

Hello, I'm Carolina. I am a 21-year-old student, passionate about figures and math, economics and monetary policies, cars and business.

I study at the Faculty of European Economic Studies at the Romanian-American University.

I participated in the Erasmus program and learned a semester at the Worms University of Applied Sciences in Worms, Germany. This experience made me even more open-minded, curious about cultural differences, decided about what I want and prepared for challenges.
